COMPANY PROFILE

WE'RE SANTOSH RUBBER PRODUCTS

We would like to introduce ourselves as Santosh Rubber Products, as an ISO 9001:2015 certified company. In the year 1980, Late Shri. Dattatray D. Bhatkar established Santosh Rubber Products in Mumbai at very small premise, with huge investment of AMBITION, HONESTY & HARD WORK.

We have invested ample time for developing Rubber products for various industries such as Electrical Industries, Dairy Machinery, Breweries & Wineries, Pharmaceutical, Cement & Chemical Industry. "Rubber Moulded Components & Rubber Extrusion Components is our speciality manufacturing items as per the prescribed specifications of the customer.

Our Speciality in Manufacturing of all Rubber Parts likes Washers, Rings, Gaskets, 'O' Rings, Gromets, etc. are used in Capacitors. We arrange to make different 'TOOLS' required for manufacturing the moulded Components & Develop various items for the critical applications & Import Substitution. We also declare that our product listed is compatible with the requirements of the regulation of 'ROHS' and 'REACH' Compliance.

DIRECTOR

MR. SAMIR BHATKAR

We believe in total customer satisfaction with our main focus on quality, cost, delivery and services.

Mr. Samir Bhatkar has a vast experience of 30 years in Rubber Manufacturing Industry. To his credential is a Diploma in Rubber Technology that has helped him in upgrading and updating his machines and tools in the field of Manufacturing & Supply of Moulded, Extruded Rubber Parts & Unvulcanised Rubber Compounds with everchanging customized requirements.

He is a versatile rubber manufacturer who with his expertise has provided custom rubber products across industry verticals like Electrical, Dairy, Breweries & Wineries, Pharmaceutical & Surgical, Cement & Chemical Industry, along with Construction industry. For this keen eye on precision and process his company is accredited with ISO 9001:2015 certification.

OUR MACHINERY

WE DEPLOY CUTTING EDGE, HIGH PRECISION MODERN MACHINERY

Rubber Mixing Machinery, to retain the high quality of our end products we make unvulcanized rubber in-house

Our High-quality Moulds, the core that helps us make custom products

OUR MACHINERY

WE DEPLOY CUTTING EDGE, HIGH PRECISION MODERN MACHINERY

Our High-quality Moulds, these makes us versatile in delivering precision products

Moulding process, our team of skilled members maintain the quality standard at each step

OUR MACHINERY

WE DEPLOY CUTTING EDGE, HIGH PRECISION MODERN MACHINERY

Advance Hydraulics Machines, gives us the definitive edge over our competitors

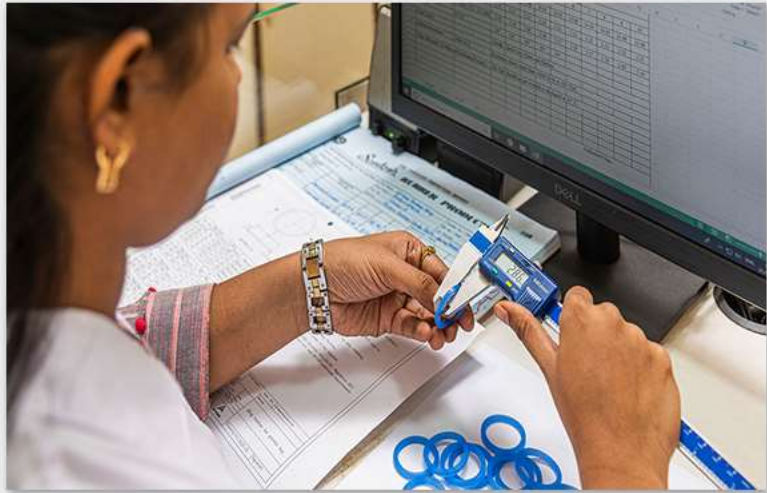

Advance Hydraulics Machines, to deliver cutting edge precision products every time

OUR MACHINERY

WE DEPLOY CUTTING EDGE, HIGH PRECISION MODERN MACHINERY

Quality Control, we follow stringent quality checks to maintain product standards as per drawing

Inspection, our experienced team inspects all the products before final packing
